What is Forex?

Forex (Foreign Exchange) is the global market where currencies are bought and sold. When you exchange one currency for another, such as US Dollar, Euro or British Pound, that is called Forex trading.

The goal is to **profit** from the **change** in the value of currencies.

EXAMPLE OF A CURRENCY PAIR

EUR/USD = 1.0865

EURO | US DOLLAR

If you **BUY EUR/USD**
You are buying EURO and selling US DOLLAR. You profit when EURO becomes **stronger**.

If you **SELL EUR/USD**
You are selling EURO and selling US DOLLAR. You profit when EURO becomes **weaker**.

POPULAR CURRENCY PAIRS

EUR/USD Euro / US Dollar	**GBP/USD** British Pound / US Dollar	**USD/JPY** US Dollar / Japanese Yen	**AUD/USD** Australian Dollar / US Dollar
USD/CAD US Dollar / Canadian Dollar	**NZD/USD** New Zealand Dollar / US Dollar	**EUR/GBP** Euro / British Pound	**XAU/USD** Gold / US Dollar

How Forex Trading Works?

Forex trading involves buying one currency and selling another at the same time in a currency pair. Traders aim to profit from the change in the exchange rate between the two currencies.

1. Buy a Currency
If you expect the value to increase.

2. Sell a Currency
If you expect the value to decrease.

3. Price Moves
Exchange rates change due to global factors.

4. Make a Profit
Profit from the difference in price.

Example

EUR/USD = 1.0865

If you buy EUR/USD at 1.0865 and later the price increases to 1.0900, you can sell it and make a profit from the difference.

02 | ROI STRUCTURE

How Your Returns Work

BLC PRO provides a fixed 10% monthly ROI on your investment, calculated over 22 trading days (Monday to Friday).
Your returns are generated through real market trading activities and a diversified global trading ecosystem.

INVESTMENT & RETURNS EXAMPLE

Here's how your 10% monthly ROI works in real numbers:

Investment Amount (USDT)	Monthly ROI (10%)	Daily ROI (≈0.47%)	Total Trading Days (Per Month)
$100	$10	$0.47	22 Days
$500	$50	$2.27	22 Days
$1,000	$100	$4.55	22 Days
$5,000	$500	$22.73	22 Days
$10,000	$1,000	$45.45	22 Days

ROI CALCULATION FORMULA

Monthly ROI = Deposit Amount × 10%

Daily ROI (Approx.) = = Monthly ROI ÷ 22
